SCU! (Spoken) Ge - sund - heit!

Every group needs something to bind it together. What would a nation be without its flag? A religion without its holy book? Where would the EU be without the Euro? The Twins without a ballpark?

And what is a school, or more importantly a school system, without that certain unifying something - a common goal, a rallying cry?

What MnSCU needs is a good, rousing fight song! Until it comes along, this will have to do.
